League Championship Shoot-off: The top ten (10) scoring competitors in the Snow Country English Match Aggregate (Match 7) will be invited to the Jackson Sportsman's Club in April 2011 for a shoot-off to decide the winner of the 2009-2010 Snow Country English Match Series. The course of fire will be:

60 shots for record, prone, slow-fire, 50 ft., USAS-50 Target, Metallic Sights
60 shots for record, prone, slow-fire, 50 ft., USAS-50 Target, Any Sights

The high scoring competitor will be the 2009-2010 Champion. All competitors qualifying will receive a commemorative item in honor of making "the Cut".

Additionally, the top two (2) Any sight shooters (providing five (5) or more Any Sight shooters compete) will be invited to decide the Any sight Snow Country Champion. The Course of fire will be:

60 shots for record, prone, slow-fire, 50 ft., USAS-50 Target, Any Sights
60 shots for record, prone, slow-fire, 50 ft., USAS-50 Target, Any Sights

Please note, a competitor may compete in both Match 7, and Match 8, providing he fires scores for matches 1, 1a, 2, 2a, 3, and 3a. If a competitor qualifies for both shoot-offs they will be allowed to choose which of the two shoot-offs to compete in. However, we will require that the election is made at least one week prior to the shoot-off, to allow time to invite the next highest competitor in the other aggregate.

A competitor firing F-Class may only compete with other F-Class competitors in all fired matches for awards. Additionally, there will not be an F-Class shoot-off unless there are more than five (5) F-Class competitors in each match.

Note: Due to staffing of each match date, alternative times may be allowed for the completion of the required shots for range personnel.

Note: You do not need to fire on each date. You need to only complete all 360 shots (540 shots if competing in both Match 7 and Match 8) over the five (5) months.

Note: Matches may be fired in any order. However, you must ensure that the required type of sights used to fire the matches is correct for the match being fired.

Note: You may re-fire one match. The cost for the re-fire is the same as a regular match. You must specify which match you are re-firing prior to beginning the re-fire. The higher of the two scores will count for your aggregate.

Note: Each location is responsible for the safe operation of the matches held at their sites. The SEMNO High Masters takes no responsibility for the operation of any of the local matches. They are completely the responsibility of the local club running the match.

Note: The SEMNO High Masters reserves the right to disqualify scores from any location based upon evidence of improper scoring or activities not in compliance with the NRA rules for smallbore rifle competitions.

Categories and Classes: There will be separate categories for F-Class, Any sight rifles, AR-15 type rifles, and CMP sold rifles providing that there are at least five (5) entries in each category. All other rifles will be placed into the open category. An award for high Junior will be provided if we have five or more Juniors entered.

Award Disposition: There must be 5 or more entries in a class for one award, 10 or more for two awards, and 15 or more for three awards. If there are five (5) Junior and/or five (5) collegiate competitors in more than four of the fired matches an award for high Junior, and/or high collegiate will be provided.
